

The screenshot shows a Microsoft Excel spreadsheet with a Gantt chart. The chart displays task durations on a timeline from 0 to 68 hours. The tasks are color-coded: green for normal, red for critical path, and blue for resource allocation. The tasks are grouped into four categories: P1, P2, P3, and P4. The chart shows the sequence and overlap of tasks, with critical path tasks highlighted in red. The spreadsheet includes a table of task durations and a summary of total task durations for each category.

Task	P1	P2	P3	P4
Erkeses	0	8	12	20
CPU ido	15	7	26	10
Indulas	0	15	22	48
Befejezes	15	22	28	36
Virakozas	0	7	10	28
Atlagos virakozasi ido	11,25
